Re: Permit No. SWG-2005-01312

Dear Chief Clerk:

The Texas Chapter of the Coastal Conservation Association ("CCA Texas"), representing 50,000 members, files these comments and requests a public meeting on the above-referenced permit application.

CCA Texas is concerned about the impact of the hydrology changes and salinity levels to East Matagorda Bay as well as the destruction of essential marsh estuary habitat.

I will be responsible for receiving all official communications and documents for CCA Texas in this matter. Please do not hesitate to contact me if you have any questions.

Sincerely

Robby Byers
Executive Director CCA Texas
