Dear Ms. Sliva

East Matagorda Bay Foundation, Inc. (EMBF), at a Special/Called General Membership meeting held on Saturday, June 4, 2011, voted on the EMBF position concerning the White Stallion Energy Center coal-fired electrical generating plant proposed for construction near Matagorda in Matagorda County, Texas.

In a secret ballot by the members present, EMBF will NOT support the construction of the aforementioned plant and will support the efforts of your organization.

No Coal Coalition may use this letter in any manner that it so chooses.

Sincerely,

John McLaughlin
President
